<p><b>Advent One</b></p> <p><b>29 November</b></p> <p><b>Hope</b></p> <p>I pick tea but cannot grow food</p>		<p>Rasu picks tea in Sri Lanka. She climbs the steep hills, plucking a few leaves from each bush to put in the sack around her head. It is hard work and the pay is not good. She has to buy all the food for her family from the plantation store but she dreams of starting a small mushroom farm so she can improve their diet and earn money for school and medical costs. If only she could have a small patch of land to grow food and a living wage, her family would do better. We are hungry for hope.</p> <p><b>Help families struggling to feed their children, especially in this pandemic. Support the 2020 <a href="#">Christmas Appeal</a>.</b></p>
<p><b>Advent Two</b></p> <p><b>6 December</b></p> <p><b>Peace</b></p>		<p>Jenty knows what it is like to be hungry and afraid. Conflict has rippled through her home in South Sudan since it was founded in 2011. This time she fled on foot with her children to Maridi a fast-growing town on one of the new country's few roads. They arrived</p>

I lost my husband and my home due to conflict

with nothing but the community always welcomes people displaced by the conflict. She is proud of her garden and the maize she has planted. Food grows well here. Let us pray that peace will take root in South Sudan. We are hungry for peace.

**Advent Three**

**13 December**

**Joy**

I have survived hurricanes and will defeat Covid-19

Here the land is flat but in other parts of Haiti it is steep and barren. Covid-19 is the latest in a list of challenges that includes earthquakes, hurricanes, cholera and drought. Growing food is hard work, especially when the land is tired. Mirlande is delighted to harvest new crops for her family, replanted after a hurricane. With good food, they will be healthier and able to make the most of the few opportunities they have to celebrate the good things of life - before the next storm comes. We are hungry for joy.

**Advent Four**

**20 December**

**Love**

Frances (*far right*) is in charge of the new Food Bank in Fiji. She can't grow enough cabbage and tomato on this church land for all those who have limited food options but she can show others what to do. During Covid-19, it is

We have a Food Bank for all who are in need

important for people to eat fresh food to boost their immunity and stay healthy, she says. We cannot feed everyone but we can make them think. We share God's love by giving people seeds to take home and caring for creation. We are hungry for love.

### Christmas

**25 December**

Disaster strikes and we come with food and to help

In Lebanon, Elias and his young teams of refugees are cleaning up homes and comforting people struggling to recover months after the explosion at Beirut's port. Down on the ground local ACT Alliance members are organising cash vouchers and food and hygiene packs to distribute to families they know have none. Others are delivering hot meals to traumatised people like Karma and her son with no windows, electricity or food. It is work made possible by our work together.

		<p>Christmas is the day we bring gifts for each other and those who are in need. We pray for all people recovering from disaster. We will share what we can so no one is hungry.</p> <p><b>Help families struggling to feed their children, especially in this pandemic. Support the 2020 <a href="#">Christmas Appeal</a>.</b></p>
